

SANTA FE

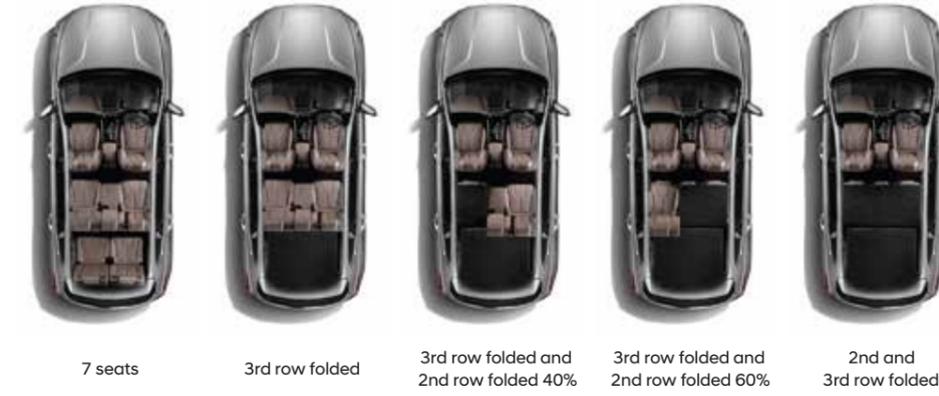

Radiator Grille / LED Daytime Running Lights (DRL) / LED Headlamps / LED Fog Lamps

Roof Rack / Side Garnish

LED Rear Combination Lamps / LED Rear Fog Lamps

No matter the size of your family, or whether you are into picnics, golfing or camping, the 7-passenger Santa Fe offers full flexibility with multiple seat configurations available.

There are multiple configurations possible to fit your needs. With the 2nd and 3rd row folded flat, there's plenty of cargo space to load up with quality time.

One-Touch Folding
The one-touch folding feature allows you to fold the 2nd row seat easily by the push of a button.

Walk-in Handle
Climb into the car easily by gripping the rear seat walk-in handle located on the inside of the car.

Packed with features. Ready for stories.

With the comforts inside the car, you will never again miss an important family moment. The Head-Up Display provides information directly and conveniently on the front windshield glass, the Wireless Smartphone Charging System lets you charge your phone with ease, and with the Integrated Memory System you no longer have to adjust your seat every time you get into the car.

Head-Up Display (HUD) (Optional)

Wireless Smartphone Charging System

Integrated Memory System (IMS) (Optional)

Hyundai SmartSense

With Hyundai SmartSense, our cutting-edge Advanced Driver Assistance Systems, the Santa Fe comes with the latest active safety technology – built to provide you with more safety and peace of mind.

Blind-Spot Collision Warning (BCW) (Optional)
Radar sensors in the rear bumper are used to warn the driver of approaching vehicles in the blind spot area.

Rear Cross-Traffic Collision Warning (RCCW) (Optional)
Radar sensors in the rear bumper alert the driver about cross traffic approaching from left and right side of the vehicle during reverse maneuvers.

Low Beam Assist-Dynamic (LBA-D) (Optional)
The headlamps respond to the turn of the steering wheel and illuminate the part of the road the driver is turning towards.

Parking Distance Warning (PDW) (Optional)
Sensors in the front and rear bumpers detect and warn the driver about imminent obstacles for safe parking.

Hill-Start Assist Control (HAC) (Optional)
This system automatically holds the brakes to prevent the car from rolling back when starting from a hill.

Surround View Monitor (SVM) (Optional)
A multi-camera system provides a 360-degree view around the vehicle to assist the driver in parking situations.

To endure road trip after road trip, the Santa Fe comes in a gasoline engine with 6-speed automatic transmission offering maximum fuel efficiency and durability.

2.4 MPI Gasoline Engine

172 Maximum Power
ps/6,000 rpm

225 Maximum Torque
N-m/4,000 rpm

• Automatic Transmission

Paddle Shifters

6-speed Automatic Transmission

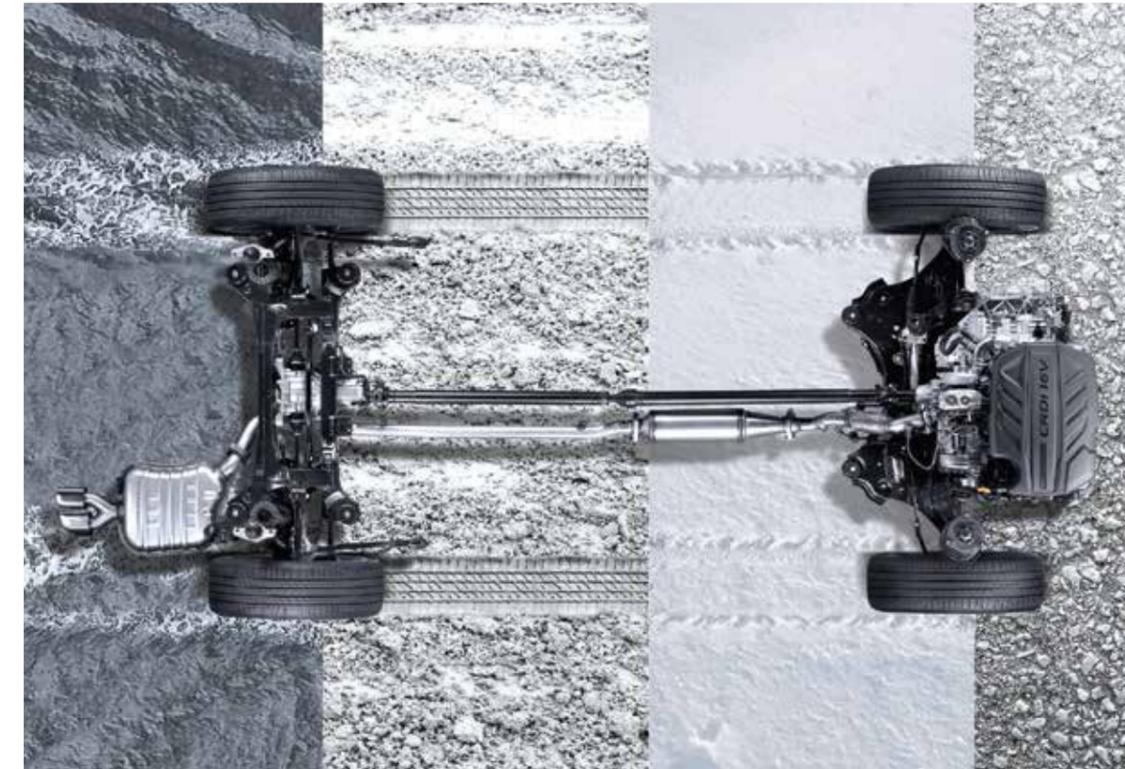

The Santa Fe is the first SUV with HTRAC technology, allowing you to choose the ideal driving mode for your road adventures. City or cross-country driving, with the HTRAC technology you will always have the power to go further on the road.

HTRAC

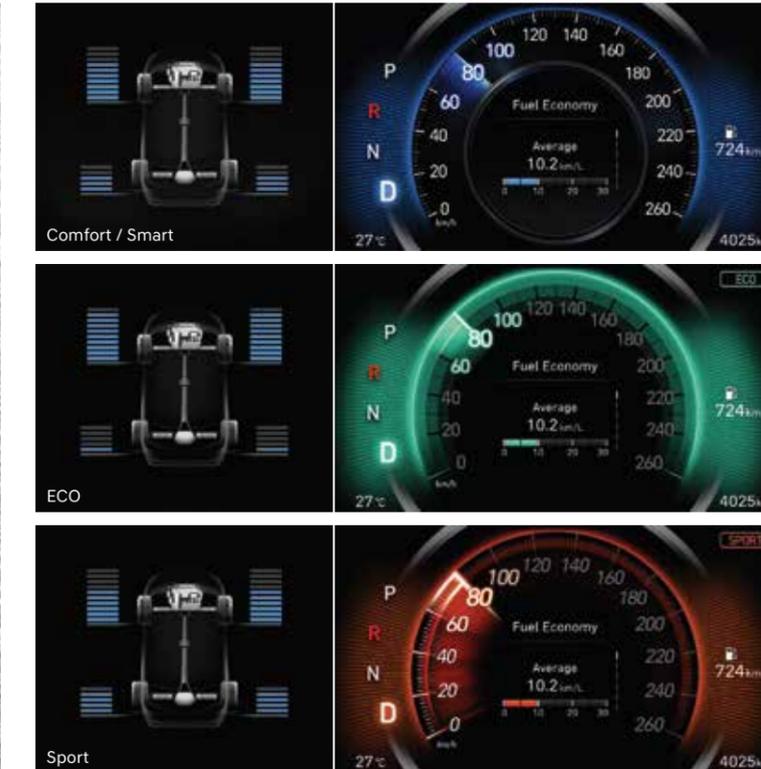

HTRAC All-Wheel Drive

HTRAC is an electronic all-wheel drive system that automatically detects vehicle's speed and road conditions to control braking between the left and right wheels and apply active torque control between the front and rear axles, in order to ensure stability while driving and cornering on slippery roads.

Driving Mode

The color of the instrument panel changes according to the driving mode selected (Comfort, ECO, or Sport). Comfort mode provides optimized torque transfer for a stable driving, ECO mode prioritizes fuel economy, while Sport mode boosts performance to deliver a dynamic drive. Finally, use the Smart mode to automatically switch among the other modes based on road conditions and driving style.

Features

17" Alloy Wheels
